ANY OTHER PATENT NUMBERS MUST NOT BE COVERED

TO UNLOCK the book, raise cover to be unlocked to a vertical position, and pull rod out as far as it will come.

TO LOCK—Adjust the cover back into position so the notches in the cover fit over the posts, then push in rod.

Do not attempt to unlock either cover unless opposite cover is locked, as posts should always be held in one of the covers.

TO LOCK BOOK PERMANENTLY—This is only to be done when all the sheets are written up and placed in the binder, for once permanently locked, it is impossible to unlock or open it.

For this purpose two permanent locking buttons are furnished. Insert these peening buttons into the round holes near end of locking case so that the slot in the Sealing Button runs lengthwise with the binder. Then drive in button with sufficient force to turn the ends of split button. This permanently locks and seals the book.

PERSONNEL ORDER NO. 34

PROCEDURE FOR APPOINTMENT OF INSPECTORS
AND ASSISTANT INSPECTORS

1. At present there exist two groups of Assistant Inspectors within the Department - those serving in the Bureau of Inspectors and those serving in the Juvenile Bureau, Narcotics Detail, Intelligence Bureau, Bureau of Special Services, or the Hit and Run Detail. Proposition "E", passed by the voters on 2 Nov 71 and ratified by the State Legislature on 7 Dec 71, abolishes this difference and creates but one group of Inspectors within the Department. This dictates that all Inspectors shall be treated equally without preference given to any specific unit; therefore, the following consolidation of the 64 Assistant Inspector positions in the Department is made based on the following formula:
 - A. One point allotted for each month of service in the Department.
 - B. Two points allotted for each month of service in an investigative detail.
 - C. Three points allotted for each month of service as an Assistant Inspector.
 - D. The total number of seniority points will determine the relative ranking on the first list from which the Chief may promote an Assistant Inspector to the rank of full Inspector; however, the Chief is not bound by this list and in the event that the Assistant Inspector fails to perform his duties in a proper manner or in the opinion of the Chief does not possess the qualities necessary for promotion to the higher rank, the standing on the list may be disregarded by him.

The following are the 64 Assistant Inspectors ranked according to the seniority formula listed above up to and including 1 Jan 72:

2. Proposition "E" also provides that any Police Officer or Sergeant assigned to the Bureau of Inspectors, the Juvenile Bureau, the Narcotics Detail, the Intelligence Bureau, the Bureau of Special Services, or the Hit and Run Detail, shall be deemed appointed to the rank of Assistant Inspector on the first day of the month following ratification by the State Legislature if the following qualifications exist:

- A. That on or before 2 Aug 71 subject was detailed or assigned to said units; and
- B. That on the date of ratification by the State Legislature the officer is assigned to said unit.

An opinion was requested from the City Attorney regarding the provisions of Proposition "E" as it applied to Policewomen. On 24 Dec 71 City Attorney Thomas O'Cannar informed this Department that the failure to appoint Policewomen who meet the criteria of 1) being detailed or assigned to one of the specialized units on 2 Aug 71, and 2) who were so assigned on the date of ratification would be a violation of the equal protection clause of the Fourteenth Amendment of the United States Constitution; therefore, Policewomen who meet this criteria shall be appointed as Assistant Inspectors on 31 Dec 71 and integrated into the list of Assistant Inspector appointed pursuant to the provisions of Proposition "E" as approved by the electorate on 2 Nov 71.

This creates 83 new positions of Assistant Inspector which will be ranked according to the below formula. They will immediately follow those who now hold the rank of Assistant Inspector:

- A. One point allotted for each month of service in the Department.
- B. Two points allotted for each month of service in an investigative detail.
- C. The total number of points will determine the relative ranking on this second list from which the Chief of Police may promote an Assistant Inspector to the rank of full Inspector after the first list has been exhausted; however, the Chief is not bound by this list and in the event that the Assistant Inspector fails to perform his duties in a proper manner or in the opinion of the Chief does not possess the qualities necessary for promotion to the higher rank, the standing on the list may be disregarded by him.

PAGE SEVEN (of 8)

27 Dec 71

- D. Those members appearing on the list of Patrolman, Policewoman and Sergeant who shall be deemed appointed to the rank of Assistant Inspector per the provisions of Proposition "E" shall appear in the Police Auditorium, Sixth Floor, Hall of Justice, in Civilian dress, on Friday, 31 Dec 71, 0900 hours, for swearing-in purposes.
- E. Points allowed for duty in an investigative unit includes the time when officers were detailed to any civilian dress investigation function within the Department and duty performed as a member of a Burglary Eleven unit. Those members who wish to claim additional points under this provision shall submit a report to the Bureau of Personnel indicating the dates of such service, together with documentary evidence that such service was performed.
3. If a member finds that his points are incorrectly stated on either of the two lists, he shall submit a report in writing to the Bureau of Personnel explaining the alleged difference. If changes in the lists result, new lists will be prepared.

CORRECTIONS ON PERSONNEL ORDER NO. 34 DATED 27 DEC 71

1. Paragraph 2B should read:

That on the effective date of this amendment the officer is assigned to said unit (1 Jan 72).

An opinion was requested from the City Attorney regarding the provisions of Proposition "E" as it applied to Policewomen. On 24 Dec 71 City Attorney Thomas O'Connor informed this Department that the failure to appoint Policewomen who meet the criteria of 1) being detailed or assigned to one of the specialized units on 2 Aug 71, and 2) who were so assigned on the effective date of this amendment, 1 Jan 72, would be a violation of the equal protection clause of the Fourteenth Amendment of the United States Constitution; therefore, Policewomen who meet this criteria shall be appointed as Assistant Inspectors on 31 Dec 71 and integrated into the list of Assistant Inspector appointed pursuant to the provisions of Proposition "E" as approved by the electorate on 2 Nov 71.

This creates 84 new positions of Assistant Inspector which will be ranked according to the below formula. They will immediately follow those who now hold the rank of Assistant Inspector:

PERSONNEL ORDER NO. 19

PROCEDURE FOR APPOINTMENT OF INSPECTORS

1. Listed herein are the 145 Assistant Inspectors of this Department ranked according to the following seniority formula:
 - A. One point allotted for each month of service in the Department.
 - B. Two points allotted for each month of service in an investigative detail, including certain investigative details in other than investigative units.
 - C. Three points allotted for each month of service as an Assistant Inspector.
2. These Assistant Inspectors appointed prior to 1 Jan 72 have been allotted the first 61 positions. Those appointed after said date would follow; both ranks are based on the above formula.
3. This list will determine the relative ranking from which the Chief of Police may promote an Assistant Inspector to the rank of full Inspector; however, the Chief is not bound by this list and in the event that the Assistant Inspector fails to perform his duties in a proper manner or in the opinion of the Chief does not possess the qualities necessary for promotion to the higher rank, the standing on the list may be disregarded by him.

1. At a meeting of the Police Commission held on Wed., 08/21/74, the following resolution was adopted:

RESOLUTION NO. 363-74

AMENDMENT TO SAN FRANCISCO POLICE DEPARTMENT'S PATROL OFFICERS' MANUAL,
SECTION P 11-1, SUB-SECTION II - APPROVED

RESOLVED, that effective at 0800 hours, 22 August 1974, the following amendment to the San Francisco Police Department's Patrol Officers' Manual, Section P II-1, Sub-Section II, be, and the same is hereby approved:

Under existing policy, the San Francisco Police Department requires, with certain exceptions, that two police officers be assigned to each marked patrol vehicle in the Patrol and Traffic Divisions. This policy is necessary to provide for the safety of our officers in the light of numerous murders and assaults on police officers.

One-man operations shall be utilized only with the approval of the Bureau Commander after he has given careful consideration to all factors concerning the safety of officers, including the presence of and degree of hostility in the community against police officers, information of threats against officers, intelligence information on subversive and violence prone anti-establishment groups, the desires and feelings of the officers involved, communications, capabilities, availability of back-up and cover units, the nature of the task, and the times of the one-man operations.

AYES: Commissioners Buckley, Cardoza, Garner

2. The use of one police officer in marked patrol vehicles is not authorized between the hours of 1800 and 0600, unless prior permission has been obtained from the bureau commander.

PERMANENT ORDER NO. 17

At a meeting of the Police Commission held on Wed., 08/21/74, the following resolution was adopted:

RESOLUTION NO. 361-74

UNIFORM AND EQUIPMENT SPECIFICATIONS OF THE SAN FRANCISCO POLICE DEPARTMENT -
FOOTWEAR, SHIRT, NYLON DUTY JACKET - APPROVED

RESOLVED, that effective 0800 hours, 22 August 1974, the following amendment to the Uniform and Equipment Specifications for members of the San Francisco Police Department, be, and the same is hereby approved:

OFFICIAL SHORT SLEEVED SHIRT

- COLLAR: The convertible collar shall be one piece and measure 3-1/8" long at the points and 1-5/8" at the back. The neck band is to be 3/4" lined with a pre-shrunk satin or dacron-polyester cotton. The neck band liner is to end at the shoulder seams. The liner shall be stitched all around in such a manner as to allow the stitching to go through the collar interlining. The neck band shall have one (1) horizontal buttonhole which will leave a 1/4" opening between the collar when buttoned. The collar points shall have permanent collar stay, each shall measure 2-1/4" x 3/8". Stitching on the collar shall be located no less than 1/8" in from the edge of the material.
- BODY: The body shall be a contour form fit with a straight yoke 4" deep extending up to the collar and well over the shoulder, all stitching shall be safety type.
- FRONTS: Shall be a turned under facing 2" in width extending from the neckline to the bottom of the shirt. The left front shall have seven (7) buttonholes 3/4" from the edge and 3-1/2" apart; buttons shall be 24 ligne and match in color with the shirt material. There shall be one permanent military crease, one located on each front that shall travel the length of the front from the shoulder to the bottom of the shirt.

PERSONNEL ORDER NO. 43

TRANSFER OF PERSONNEL

1. Our Department is now operating with a shortage of over 130 sworn personnel and it appears, due to Federal Litigation, that we will not have recruit graduate replacements until sometime around July of 1975. In the meantime, we can anticipate an average attrition rate of 10 sworn personnel per month, which could mean a shortage of 200 by July of 1975.

We have attempted to adjust to these shortages through the use of E.W.W. watches working a sixth day, and extending the normal tours of duty, however these measures will lose their effectiveness. A request for 25 Station Officers and 3 Building and Groundsmen to put 29 sworn officers on the streets has been forwarded as a supplementary budget request. Vacancy monics would be used for this purpose.

The anticipated release for street duty of some 37 sworn City Prison personnel by virtue of Jail Consolidation apparently is stalled until the next fiscal budget is effected.

A critical shortage of personnel exists in our new Communications Control Center. This problem of adequate manning of Communications must be given a high priority. We all know that an effective Communications system supports and makes more effective and productive the work of the officer in the field. Some temporary redistribution of personnel in this Department will be necessary to accommodate for shortages of Communication and street patrol.

Our Department Policy on use of civilians is that Law Enforcement professionalism is enhanced when officers perform only those tasks where there is an identified need for police knowledge and skills. To this end, the Department employs civilians in those positions where there is no such demonstrated need. In accordance with this policy, all Bureau Heads shall be prepared to fully justify the use of sworn personnel on inside assignments.

I earnestly solicit all Bureau Heads to do their utmost to see that an all-out effort is made by all members of our Department to work to see that public safety does not suffer during the time we operate below full personnel strength.

OFFICE OF THE CHIEF OF POLICE
HALL OF JUSTICESan Francisco, California
Wed., 09/17/75PERSONNEL ORDER NO. 36TRANSFER OF PERSONNEL

From an authorized strength of 1,970 sworn personnel in this Department we have been reduced in strength one sergeant and seventy patrolmen to an authorized strength of 1,899.

Seventy of these 1,899 are in recruit training until 21 October 1975 at which time they will be graduated and be assigned to patrol. However, they will not be full-service officers for six weeks but will be in a training status and training officers will have to be provided for them. The net result will be that our effective patrol strength will not be appreciably improved.

Meanwhile, we will be losing sworn personnel by retirement and resignation. Right now we have seventy such vacancies and these vacancies are frozen. We can anticipate additional vacancies at an average attrition rate of six or seven a month.

The Board of Supervisors will unfreeze sixty-two patrolman positions on 17 November 1975 and a new class of recruits will be started at that time.

We have two hundred and ten fewer sworn personnel in our Department and it is estimated that we will not be back to our authorized strength until July of 1976, at the earliest.

For an extended period of time, due to a Federal suit alleging discrimination in the hiring of police officer candidates, we have been operating short-handed in this Department. During this time we were funded for extended work week watches so that we could police the City. These funds are no longer available. Also, like-work/like-pay funds have been cut and adjustments must be made in this category.

In view of the above, some reassignments are necessary in order to provide proper response to calls for service by the people of San Francisco and to combat the rising crime rate.

Effective at 0000 hours, Sun., 09/21/75, the following TRANSFERS are made in this Department:
